

# VLADIMIRO POZIDIS

DATA ANALYST

+30 6986633831 | pozidis164@gmail.com | NEA MOYDANIA, XALKIDIKH, 63200

## SUMMARY

Entry-level Business Analyst with hands-on experience in Python, SQL, Power BI, and Excel Skilled in data cleaning, analyzing complex datasets, and developing impactful dashboards to visualize key performance indicators (KPIs) and drive business insights. Completed multiple projects involving end-to-end data processing, showcasing strong analytical thinking and a results-driven mindset.

### TECHNICAL SKILLS

- SQL, Excel
- Python(Pandas, Numpy)
- PowerBI,Tableau
- Data Analysis & Data Cleaning
- Report Writing & Presenting

### SOFT SKILLS

- Critical Thinking
- Attention to Detail
- Insight Extraction
- Communication with Non-Technical Colleagues

### OTHER SKILLS

- Understanding of software and hardware
- C/C++, Java, Basic Assembly, Matlab and R
- Discrete Math, Statistical analysis

## PROJECTS

### Traffic Accident Analysis in Greece

- Analyzed traffic accident data in Greece from 2014 to 2019 using a public API.
- Cleaned and processed the dataset using Python for data manipulation and analysis.
- Visualized findings in Tableau, highlighting the top 5 regions with the highest number of traffic accidents.
- Demonstrated skills in data extraction, data cleaning, statistical analysis, and data visualization.

### Employee Satisfaction and Salary Analysis

- Collected and cleaned employee data from a Kaggle dataset.
- Exported and managed the data using SQL for structured querying and reporting.
- Used Python and Matplotlib to calculate and visualize average employee satisfaction.
- Conducted statistical analysis to compare salary distributions across departments.
- Applied data cleaning, analysis, and visualization techniques to uncover insights related to workforce satisfaction and compensation.

## EDUCATION

**Democritus University of Thrace – Computer Science Department**

Undergraduate Student

2023 – Present

**General Lyceum of Nea Moudania (GEL Neon Moudanion)**

High School Graduate

Graduated: 2023

## CERTIFICATIONS

- **Workearly** – Data Analyst Professional Certificate
- **Workearly** – CV & LinkedIn Preparation Certificate
- **Athabasca University** – Designing for Communities of Inquiry in Online Courses
